Names: Crippen, Matthew, author. | Schulkin, Jay, author.

Title: Mind ecologies : body, brain, and world / Matthew Crippen and Jay Schulkin.

Description: New York : Columbia University Press, 2020. | Includes bibliographical references and index.

Identifiers: LCCN 2020006020 (print) | LCCN 2020006021 (ebook) | ISBN 9780231190244 (cloth) | ISBN 9780231190251 (paperback) | ISBN 9780231548809 (ebook)

Subjects: LCSH: Philosophy of mind.

Classification: LCC BD418.3 .C745 2020 (print) | LCC BD418.3 (ebook) | DDC 128/.2—dc23

LC record available at <https://lcn.loc.gov/2020006020>

LC ebook record available at <https://lcn.loc.gov/2020006021>

Columbia University Press books are printed on permanent and durable acid-free paper.
Printed in the United States of America

Cover design: Julia Kushnirsky

Cover illustration: Adobe Stock

CONTENTS

Preface and Acknowledgments vii

Introduction 1

1. Life, Experimentalism, and Valuation 16
2. Pragmatism and Embodied Cognitive Science 51
3. Social Cohesion, Experience, and Aesthetics 94
4. Pragmatism and Affective Cognition 124
5. Perception, Affect, World 156
6. Broadening Ecologies 184

Appendix 1: Subcortical Structures of the Brain 211

Appendix 2: Cortical Structures of the Brain 213

Notes 215

Bibliography 267
